

ANIMAL MASKS

Item No - AP106

IDEAS

Just think of all the possibilities you can create with this pack of goodies! Ideas are endless- from true to life animals to creatures from outer space! With all the items included-tissue paper, construction paper, chenille stems -even funky animal print paper- add these with the pom poms and the brighter than bright feathers, and you have yourself a ton of potential creatures!

We had a lot of fun making these masks! Here we made a tiger cat with curly whiskers and added extra tissue for his ears, not to mention his pom pom cheeks! We also made a dog with lots of layers for his fur with tissue paper, with a collar and doggie license from construction paper!

You can also see our mouse and rabbit- we used the neat animal printed paper for their ears, and we even used feathers for the rabbit's whiskers!

See- you can do *anything* to make your own special mask!

We took our masks outside for a play we held for our friends! You could make a play too- one about the rainforests, with your masks decorated to look like endangered animals.

Or you could put on a show based on your favorite book!

You could also put on a musical for your family!

And let's not forget Halloween!

How about making a mask of your favorite pet?

You could make all different animals- horses, bears, donkeys, *even* a frog-(use the ears for eyes)!

Your favorite alien could have giant diamond shaped eyes, or even two mouths!

Add hands for a little creature, and you have yourself a whole new species!

What are your ideas?
