**EACH PERSON
SHOULD HAVE:**

- A Bunny Designs
- A paintbrush

The markers will be shared
among the group.

INSTRUCTIONS:

1. Dip the brush in the water and paint small section at a time. Start painting at the top and work your way down the page. Rinse the brush in-between colors.

TIP: Use a generous amount of water so the paint looks washy and fewer brush strokes are visible. You may want to use a soft camel hair brush if you're aiming for a washy watercolor effect.

2. Let your finished design dry on a flat surface so the colors won't run together.
3. Using the markers, go back into your design and add some highlights with the markers. Brush over the marker areas with clean water to soften and blend colors into design.

Fun! Facts! Eye-Opening Art

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous "cubist" artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle and packs of dogs and cats.
- Leonardo da Vinci, the original "Renaissance Man," spent 12 years painting the Mona Lisa's lips.
