INSTRUCTIONS:

NOTE: The Fun Scene is divided into 2 parts: the scene and the pieces.

1. Use the crayons to color the scene and the pieces.
2. Using scissors, carefully cut along the dotted line so you separate the scene from the pieces.
3. Carefully cut out the pieces following the dotted lines.
4. Once all your pieces are cut out, lay the pieces on your scene and plan out your final design. You can set up your design anyway you want.
5. Once you have the final design figured out, use the glue stick and glue down the pieces to the scene.
6. Add glitter glue to your scene if you want. Let dry.

Fun! Facts! Winter "Wonder" Land

- Did you know that all snowflakes have 6 sides?

Hot water freezes faster than cold. The "Mpemba effect" was named after a Tanzanian student who discovered that a hot

- ice cream mix freezes faster than a cold mix in cookery classes in the early 1960s (though the effect has been noted by scientists throughout history including Aristotle, Francis Bacon and René Descartes).
- 10 inches of snow melts to only 1 inch of water.
