### INSTRUCTIONS:

1. Each person should select a design to paint.
2. Using the brush dipped in water, paint 1 color/small section at a time. Rinse the brush in-between colors.
3. Dry your finished design on a flat surface so the colors won't run together.
4. Add a pop of color or extra detail to your design with the markers. The markers are water based so you can use your brush and water again to wash back over the marker to blend in colors with the paint. Let dry.
5. Once your design is dry, fold the easel along the score line, peel off paper and press on to the back of your design on the bottom, in the center. Display your art!

### Fun! Facts! Unplug & Play

- Kids ages 8-18 spend an average of 7 hours and 38 minutes in a typical day using entertainment media, according to the Kaiser Family Foundation. That's more than 53 hours a week!
- In an average week, only 6 percent of children ages 9-13 play outside on their own, according to the Children & Nature Network.
- Think about some ways you can be "unplugged." Take a walk and explore, make nature "prints," play games or listen for birds!
