INSTRUCTIONS:

1. Use the markers (and optional additional decorating supplies) to decorate the cardboard tube. Let dry if needed. The wood dowel with bead is the drumstick. You can also decorate that!
2. Place a plastic lid on each end of the tube and use your tape to secure the lid into place by taping around the rim.

OPTIONAL: If you also want to make your drum a music “shaker”, then add some beads into the cardboard tube before putting the 2nd lid on. Now you have a drum and a shaker!

**Fun!
Facts!****Random Acts of Kindness Challenge:**

Can you do a small act of kindness each day for a week? It could be as small as opening and holding a door, smiling and saying good morning, or helping (without being asked) around your house. What can you do in your corner of the world to make it a better place for others?
