**EACH PERSON SHOULD HAVE:**

- An Easy Way: White Tail Deer Portrait
- A brush

The paints will be shared among the group.

**INSTRUCTIONS:**

1. Dip the brush in the water and paint 1 color or small section at a time. Rinse the brush in-between colors.

**TIP:** Mix the brown and a little yellow paint for a tan color which can be used for the deer.

2. Let your finished design dry on a flat surface so that the colors won't run together.

**Note:** The special printed "resist" design makes this easy to paint! You can brush paint right over the design and the paint will "resist" sticking to the printed areas.

**Fun!  
Facts!**

**Eye-Opening Art**

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous "cubist" artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle and packs of dogs and cats.
