

Fishing Diorama Assembly

Your completed FISHING DIORAMA will look similar to the completed project on the front page.

Step # 1

Separate all of the printed components from the cardboard sheets. There will be pictures of fishing scenes as well as a large piece of cardboard to be used as the diorama frame.

Step # 2

Use the supplied crayons to decorate all the pieces of your diorama. You can also use your own colored pencils or markers for decoration. Use your own creativity.

Step # 3

After coloring all your pieces you are ready to assemble your diorama.

1. Fold up the diorama frame (large piece) and snap together the bottom tabs to hold the frame in its proper shape. You can add glue to the tabs to keep the frame in its proper shape.
2. Place and glue all the pieces in locations that you think look best.
3. When completed, glue the "completion" plaque to the diorama frame.

YOU HAVE COMPLETED THE PROJECT AND SHOULD FEEL GREAT ABOUT YOUR ACCOMPLISHMENT!

Gone Fishin' Diorama

PACKAGE OF 12

Please read all directions before starting.

Your package contains:

- Diorama Frame
- Scored 3-D Pieces
- Foam Dots
- Glue
- Crayons
- Name Plaque

Additional Materials You will Need:

- Markers or Paint (optional)

Instructions: Please read this brochure before starting the project. Have the group think about what they want their dioramas to look like. The easiest way to complete the diorama is to color all of the pieces and the background before assembling the diorama. The project can be completed at one time, or divided into different time slots. It is best to have leader involvement for guidance. Have fun talking about fishing!

Teaching Activities Inside

FISHING PROJECT INFORMATION

The best way to begin this project is to engage in a discussion about fishing.

Encourage clients to think about a time when they went fishing.

There are several books that will add to your knowledge of your project and would be fun to have available to share.

- *How To Fish* by Chris Yates
- *Fishing For Dummies* by Peter Kaminsky
- *How To Fly Fish* by Cliff Hauptman

DISCUSSION QUESTIONS

- Did you ever go fishing?
- Where did you go to fish?
- Who was with you?
- What kind of equipment did you use?
- Did you catch anything?
- What did you do with the fish?
- What is your favorite memory about your fishing trip?

Fishing Facts

As you know, fishing is an age old past-time that is both relaxing and challenging. There are several types of fishing that are suited to the individual that are extremely popular.

- **FLY FISHING** – Generally done in a lake or river without a boat and takes a good degree of skill. Fly fishing requires the fisherman to wear high wader boots to keep the fisherman dry while standing in the water. Casting a “fly” to the approximate area of the fish requires a practices skill.
- **BOAT OR DOCK FISHING** – Generally, this type of fishing attracts a larger fish and requires heavier fishing equipment.

Whichever type of fishing you prefer, it will give you countless hours of enjoyment!

This project will enable you to make a beautiful FISHING DIORAMA that is suitable for room decoration or a beautiful hand-made gift.
