**WASHING INSTRUCTIONS:**

Art Wear stencil makes face painting easy! Safe, non-toxic face paint, extensively tested for use on skin, washes off with soap and water. If a reaction does occur, discontinue use immediately. Some colors may stain clothing, so handle with care. Do not use near eye area. Conforms to ASTM D-4136 Non-toxic. Water reducible.

**PREPARATION INSTRUCTIONS:**

Before using: Do a patch test on skin area for 30 minutes before painting face or body. As with cosmetic, individuals may have infrequent instances of sensitivity. Please discontinue use immediately if a reaction occurs.

**IMPORTANT:** For external unbroken skin only. Not intended for use in the eye area. Please store product with packaging until discarded.

**TO APPLY:** Wash area to be painted with soap and water. Dry. Apply base coat. Then add details. To remove, use moist paper towel to lift excess away. Then wash with soap and warm water.

Remove backing from stencil, stir face paint, cut sponge into strips, apply paint with sponges, detail with the brush. If face paint dries out, just mix with water to renew.
