INSTRUCTIONS:

1. Design your Piggy Bank style on paper first if you wish.
2. Paint any background colors first or the first layers of design. Allow to dry. Add additional detail to your design after the first layer has dried.
3. Rinse your paint brushes immediately and wipe dry.
4. Enjoy your finished bank!

Other trims and embellishments may be added to your piggy bank after the paint has dried. Try gluing on ribbon, pompoms, buttons, beads, stones, foam letters, or sequins. If you are gluing items onto the bank, use a jewel glue or a glue gun.

TIP: Since the bank is already glazed, fingerprints prevent the paint from sticking. Handle your bank carefully.

MORE IDEAS...

Use your new Piggy Bank to save your change each day. You will be surprised how fast your money grows. An excellent tool for teaching about saving money.
