GP3064

EACH PERSON SHOULD HAVE:

- A Doll
- A set of Angel Wings
- The yarns, glue and optional decorative items will be shared among the group.

INSTRUCTOR NOTE:

This project can be a thoughtful way to create a lasting gift for a special person. Each person can create this project for someone special. Review the instructions and ideas before having the group begin.

Here are suggestions on how to use the materials:

1. The wings can be used to create an angel doll or can be set aside for another project. If using for the doll, we recommend adding these once the other decorations are in place.
2. You can create different hairstyles with the various yarns – bangs, pony tails, braids, short or long hair, even a Mohawk! Create the selection of colors you want to use and glue onto the head of the doll. Let dry, then style with scissors. To make a Mohawk, glue a longer center row from forehead to back of head then trim.
3. The various yarns can be wrapped around the doll body to create clothes. You can use a dab of glue to tack the yarn into place.
4. Use the permanent marker to write a special message on the doll body before adding clothing or create a tiny sign that the doll can hold.
5. Optional decorations can be created/added however you'd like. If you are adding charms or other heavier items, we recommend hot gluing those on to the doll.
6. If creating an Angel, hot glue a long loop of ribbon to the back (tuck between the wings) so the angel can float in the air.

IDEAS: You can use a theme to personalize the dolls with your optional decorations. Ideas: Garden, baking, sports, hiking, fishing, etc.
