Kit may contain silicone gel packets, which should be removed before use.

EACH PERSON SHOULD HAVE:

- A Paint-A Dot™ Poster
- A brush

The markers and glitter glue will be shared among the group.

INSTRUCTIONS:

1. Starting at the top of the poster, dip the brush in the water and paint 1 small section of the Paint-A Dot™ at a time. Rinse the brush in-between colors.
2. Let your finished design dry on a flat surface so that the colors won't run together.
3. Use the markers and color the sections of the poster that you want. You can color in sections as solids, patterns or whatever you want! Refer to the instruction photo for ideas.
4. Add final details with the glitter glue and let dry!

Fun! Facts! Eye-Opening Art

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous "cubist" artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle and packs of dogs and cats.
- Leonardo da Vinci, the original "Renaissance Man," spent 12 years painting the Mona Lisa's lips.
