Kit may contain silicone gel packets, which should be removed before use.

EACH PERSON SHOULD HAVE:

- 1 Velvet Sand Landscape Board
- 1 Sheet of Paper

The sand and scissors will be shared among the group.

INSTRUCTIONS:

1. Your kit includes enough sand for each person to use all 6 colors, though it is not necessary to use all of the colors. Choose the colors you would like in your design. Using the scissors, snip one corner off a bag of sand.
2. Remove the adhesive paper from the area on the Landscape that you would like to cover with the first color of sand. Sprinkle a small amount of sand onto that area of the design. Using your index finger, spread the sand around in that one area, getting sand into all the corners, too.
3. Have a sheet of paper under your Landscape. After filling an area of the design with sand, tip the Landscape onto its side to shake off excess sand onto the sheet of paper. You may use this excess sand in another area of your design. Repeat for each area of the design, using one color at a time.

Fun! Facts! Eye-Opening Art

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous “cubist” artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle and packs of dogs and cats.
- Leonardo da Vinci, the original “Renaissance Man,” spent 12 years painting the Mona Lisa’s lips.
