EACH PERSON SHOULD HAVE:

- A glass bottle with cord and eyelet
- 36" of cord
- A feather charm

The glitter will be shared among the group.

PREPARATION INSTRUCTIONS:

- Cut 24 pieces of the cord, each 36" long.
- Cut 1 sheet off into 4 squares and create 4 paper funnels

How to make a paper funnel: To make a funnel just cut a square and start to fold 1 corner towards the center of the paper. Then take the folded edge and bring that towards the center. Now you should be able to roll up the rest. Twist the paper a little to get the end small enough to fit in the glass bottle. Secure your funnel with tape.

- Cut out (24) 1/2" x 1" pieces of paper out of the other sheets.

INSTRUCTIONS:

You can make this necklace for yourself or someone special to you.

1. Think of a positive message for yourself or someone special and write it on 1 of the 1/2" x 1" pieces of paper.
2. Carefully roll up the paper and insert into the bottle.
3. Use the funnel to add glitter inside the bottle. Add as much or as little glitter as you want.
4. Push the cork/eyelet into the bottle top.

Optional: Secure with glue by adding a little dab of glue around the cork before inserting into bottle.

5. Thread the cord through the eyelet and then thread the feather charm onto the cord so it falls right next to the bottle.

TIP: Size the necklace by putting it over your head and deciding how long you want it to be, before you tie the cord together. Remember to make it large enough to fit over your head.

6. Tie the 2 ends of the cord together in a simple overhand knot.
