INSTRUCTIONS

Decorate

1. Cover work area with newspaper. And place the shape on the surface.
2. Arrange the tiles on your shape. Make your own unique design. Leave approximately 1/8" between pieces and the edge of the shape.
3. Apply a drop of adhesive to the back of the tile. Place tile with glue side down, on the Bug. Allow glue to dry, approximately 10-15 min.

Grouting

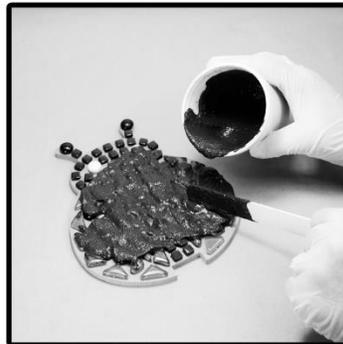

1. Pour grout into a disposable cup. Slowly add small amounts of water, approximately 1 teaspoon at a time to the grout mix.
2. Mix grout using a craft stick or plastic spoon until it becomes thick and fudgy. Spread grout onto the shape, working it between the spaces in the glass.
3. Spread the grout on and between the tiles using the craft stick, spoon, or fingers. Wait about 15 min to wipe it clean. **IMPORTANT: Never put grout in the sink or toilet. Throw away excess grout in the trash.**
4. Wipe off excess grout with a lightly dampened paper towel or sponge.
5. When grout has thoroughly dried, 1-2 hours, polish glass surface with a damp cloth until the glass is shiny and free of grout residue.
6. Place you're your little garden buddy in a sunny place in your garden and enjoy!
