

## Birdhouse Windchimes (Pk/12)

PLEASE READ ALL INSTRUCTIONS BEFORE STARTING

### YOUR KIT CONTAINS:

- Wood Birdhouses
- Metal Chimes
- Silver Cord

### YOU WILL NEED:

- Decorating supplies
- Scissors
- Ruler
- Glue
- Outdoor Sealer (optional)

### EVERYONE WILL NEED:

- 1 Wood Birdhouse
- 1 Piece of Silver Cord
- 4 Metal Chimes

**AGE GROUP: 8 and up**

**PROJECT TIME: 30 minutes**

### INSTRUCTIONS:

1. Decorate your birdhouse however you would like. Allow to dry.
2. Measure and cut your cord into 5 equal pieces, each approx. 6" in length.
3. Take your first piece of cord and thread one end through both holes of a metal chime. Being careful not to let the chime slip off, thread that same working end of cord through a hole at the base of the birdhouse. Next, complete the loop; Match up the 2 loose cord ends and hold them together as one working strand to tie them together in an overhand knot.
4. Trim the excess cord from the end of the knot. Repeat this process with the remaining 3 chimes/holes.
5. Use the last piece of silver cord to make a loop at the top of your birdhouse for hanging. Thread the cord through the hole and tightly knot the two ends together.
6. Squeeze a dab of glue (or clear nail polish if you plan to hang your finished project outside) over the finished knots to hold them in place and avoid slipping. Allow to dry completely.
7. For outdoor display we strongly recommend coating all sides of your finished project with an outdoor acrylic sealer for preservation like Outdoor Mod Podge® Item #: PT3461.
