STEP 1

PARTS

NOTE

Connect all of the Poles with Male and Female End (#2 & #3) and Pole with Double Male End (#4) together.

STEP 2

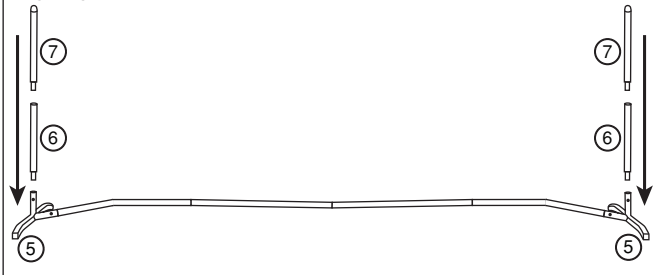

PARTS

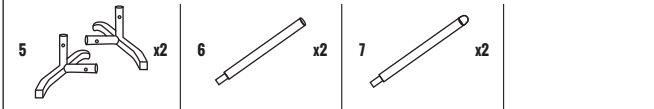

NOTE

Attach the Frame End (#5) to each end so that the ends of part 5 are facing toward the ground.

STEP 3

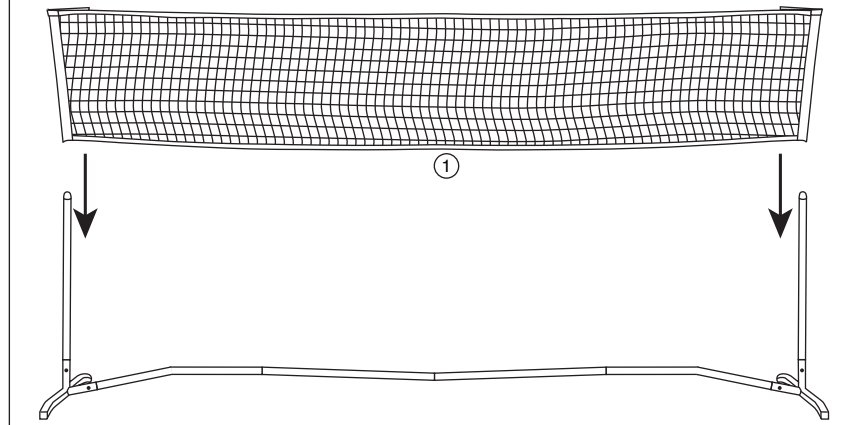

PARTS

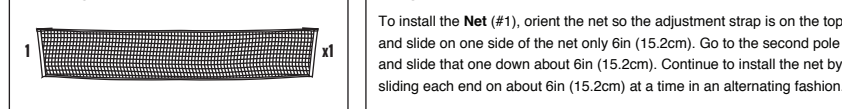

NOTE

Insert the Net Pole Top (#7) and Net Pole Bottom (#6) into the middle section on the Frame End (#5).

STEP 4

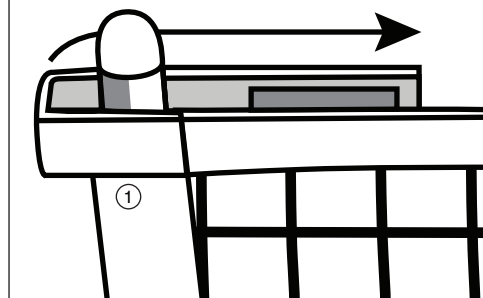

PARTS

NOTE

To install the Net (#1), orient the net so the adjustment strap is on the top and slide on one side of the net only 6in (15.2cm). Go to the second pole and slide that one down about 6in (15.2cm). Continue to install the net by sliding each end on about 6in (15.2cm) at a time in an alternating fashion.

STEP 5

PARTS

NOTE

Once the Net (#1) is fully installed, use the self-stick straps at the top of the net to adjust the tension of the top of the net.
