GP3354

**INSTRUCTIONS:**

**TIP:** We recommend opening the card and placing it on a flat surface to paint the front.

1. Select a design card to paint.
2. Using the brush dipped in water, paint 1 color at a time. Rinse the brush in-between colors.

**TIP:** Use a generous amount of water so the paint looks washy and less brush strokes are visible.

3. Let your finished card dry on a flat surface so the colors won't run together.

**TIP:** To flatten card, place a heavy book on it after it has fully dried.

4. Once dry, write a message in the card to someone special and send using the included envelope.

**Fun!  
Facts!** Eye-Opening Art

- The first lead pencil, the earliest form of self-expression, was invented in England in 1565.
- Famous "cubist" artist Pablo Picasso loved animals. Through his adult life he owned a pet monkey, an owl, a goat, a turtle and packs of dogs and cats.
- Leonardo da Vinci, the original "Renaissance Man," spent 12 years painting the Mona Lisa's lips.
