Create personal "Be Kind" stretch bracelets with our "Be Kind" Bracelet Making Easy Pack! Perfect for kids, teens and even adults, this kit includes everything needed to create a wearable reminder to spread kindness and positivity. Perfect for initiating character-building discussions and SEL activities. Kindness Is Contagious!

Prior to beginning activity:

Pre-cut individual lengths of elastic cord approx. 12" long for each participant.

Step 1 – Pass out the letters to spell BE KIND and a length of cord to each child.

Step 2 – Have them select pony beads to make a complete bracelet using a single bead to separate the two words as they spell them. Encourage discussion about the importance of being kind and how every person matters. As they string the beads onto the cord, discuss ways that they have been kind to others and how others have been kind to them.

Step 3 - Cut each finished bracelet to size by fitting to their wrist, removing beads if needed. Double knot the elastic with a simple overhand knot.

There are enough supplies for 48 participants to make bracelets or for 24 kids to make two bracelets, one for themselves and a second bracelet to give away to a friend.
